

# PICOTE MINI CLEANER

*Designed With Plumbers In Mind*

The Mini Cleaner is specially designed with plumbers in mind and makes cleaning, descaling, root removal, cutting/reinstatements, and coating in DN32-75 (1¼-3") pipes, easier than ever before.

It has a range of 16m (50') and features a highly flexible 8mm (⅝") shaft which allows working in smaller diameter pipes, even those with multiple 90° bends and p-traps as small as DN50 (2").

In the UK, and other countries without syphonic toilets, it can also be pushed through the toilet and into the stack pipe for cleaning.

It is fed by a standard wall outlet making it a very easy to use on almost any jobsite\*.

## USES AND BENEFITS

The Mini Cleaner gives you the ability to say yes to jobs when others cannot: pool lines, p-traps, urinals, toilet stacks, and more.

- You can use both hands on the shaft due to the operator presence foot control pedal.
- Flexible: Navigate 90°s and even 2" p-traps.
- High Speed/High Torque: 500-2900 rpm.
- Lightweight: 26.5kg (59 lbs).
- Cutting or cleaning package included.
- Standard safety features include: protective outer shaft casing, operator presence foot control, manual safety clutch, internal GFI, and an emergency stop.
- Mini Cleaner +C camera upgrade available.
